

Past Event Recap

Modernistic Tour, June 2014

Modernistic hosted the June IIE Event at their Stillwater facility. Modernistic is a third generation, family owned and operated company since 1938. They are a leader in screen and digitally printed graphics and converting technologies. Modernistic has diverse capabilities which include: screen and digital printing, die making, die cutting and plastic fabrication. They are well versed in optimizing focused factories with cellular and lean manufacturing principles.

Their Director of Sales conducted an outstanding company overview presentation illustrating the essence of digital and silk screen printing technologies. Then the President of Modernistic gave a brief background of the company's history and vision. Both gentlemen gave the group an extensive plant tour, which included the digital printing process, silk screen technology, die cutting process, art/computer graphics lab, assembly services and pack out.

The event wrapped up with Q&A session and a social hour at local Stillwater establishment after another successful IIE event.
