

## **2015 Annual Student-Professional Networking Event November 5, 2015**

The 2015 Annual IIE Twin Cities Profession- Student Networking Event was a great success! We had solid representation from NDSU (27), U of M (8) and Dunwoody (3) student chapters and other professionals for a total of **47** attendees! There were a lot of great conversations and networking between student IIE chapters as well as professionals.

Special thanks go out to:

Stephanie and Britta – For trial by fire panel discussion, great questions with even greater answers!

Chris/Tracey/Kayla/Jeremy – For networking prowess, great bailouts on hard student questions , awesome name tags, and good discussion starters (for example, the IIE vs IISE debate! Cast your vote!)
